Walgreens returns to Horizon Blue Cross Blue Shield of New Jersey's retail pharmacy network

Horizon Blue Cross Blue Shield of New Jersey is pleased to announce that Walgreens has agreed to participate in our retail pharmacy network. Effective immediately, members who have prescription benefits can use Walgreens as a participating pharmacy in our retail network to fill or refill their prescriptions.

If eligible members wish to use a Walgreens pharmacy for prescription refills, they simply provide current prescription information (a prescription bottle is sufficient) to that pharmacy. As always, we encourage members to choose participating retail pharmacies from our extensive network to keep their out-of-pocket costs low and receive the maximum prescription benefits under their program.

For customer service, members can call Merck-Medco at 1-800-841-3038. They can also visit the Merck-Medco Web site at www.merck-medco.com to locate other participating pharmacies that they can use.

Offering members a variety of options for their health care needs is an important part of *Making Healthcare Work* for you and your clients. Please contact your sales executive for further information.
